Being hassled by the project manager to complete the Governance "document"?

# SharePoint Governance Kickstart

Do any of these ring any bells?

- Governance feels like an overused word?
- All the examples seems to be focused on just the technology?
- What does Governance actually means anyway?
- Help! Where do I start?
- Governance is supposed to be more than just a document? Isn't it?

Find out how we can make your SharePoint a happy place.
